

# Bryan Dugan

User interface designer & front-end developer

**Creating purposeful, yet elegant custom-tailored interactive sales demos and production applications.**

## Experience

---

### Co-Founder/Front-End Developer, Spaceray Creative

February 2017 to Present, Rochester Hills, MI

Co-Founder of a creative agency that works on a variety of projects that involve: user interface, user experience, branding, print materials, marketing and building custom websites utilizing Craft CMS.

### Sr. Solutions Consultant, OpenText

November 2018 to May 2020, Southfield, MI

Supported sales teams by focusing on the design and development of compelling digital experiences for target customers. Consulted with enterprise clients to understand their goals and help drive sales. Assisted product engineering team by being lead UX designer and developer on multiple large scale applications that included; a trade finance application for a worldwide payment processor, as well as an asset and room health tracker for a military customer. Managed two front-end developers and a UI designer. Initiated new engineering workflow utilizing Vue.js, Sketch and Zeplin.

### Front-End Developer, Covisint

June 2015 to March 2017, Southfield, MI

Developer and digital marketer, responsible for designing, developing and maintaining the WordPress based website covisint.com. Introduced front-end workflows as well as wrote documentation. Increased site conversions by setting up AdWords campaigns, landing pages and Email marketing campaigns through Marketo and HubSpot. Aided other teams in the design and development for other Covisint internal/external websites and applications.

### Front-End Developer/Media Designer, DPro Marketing

April 2013 to June 2015, Rochester, MI

Responsible for the front-end development, design, UI, UX and SEO for a wide variety of websites. Set front-end development standards to keep up with modern web development workflows and tools such as use of responsive web design, Craft CMS, Bootstrap, SCSS, Grunt and Git workflows. Awarded 2013 Rochester Pinnacle Awards, Company of the year for best Marketing/Advertising agency.
